ACADEMIC ADJUSTMENT/ACCOMMODATION POLICIES

General Information

Equal Access to Education

The Rehabilitation Act of 1973 (Section 504) and the Americans with Disabilities Act (ADA) of 1990 state that qualified students with disabilities who meet the technical and academic standards at Keiser University may be entitled to reasonable accommodations. Under these laws a disability is defined as any physical or mental impairment which substantially limits a major life activity. To this end, Keiser University is committed to providing equal access to education by removing unnecessary barriers to enhance each student’s ability to demonstrate his or her academic abilities. The Americans with Disabilities Act of 1990 (ADA) reinforced the provisions of the Rehabilitation Act and extended coverage to the private sector with the extension of access into all aspects of campus life, including communications and other privileges and advantages by requiring that all public facilities, services and communications be accessible to persons with disabilities and that auxiliary aids and services be provided unless such provisions place an undue hardship (defined as significantly difficult or expensive) upon an institution.

Who is Considered Disabled under the Law?

According to the Americans with Disabilities Act (ADA) of 1990, a disability is a chronic, long-term, physical or mental impairment that substantially limits one or more major life activities (e.g. walking, sitting, breathing, learning, working, sleeping, etc.). This law also requires an individualized assessment of each case to determine whether or not a disability exists. The University is not required to evaluate students or pay for such an evaluation. It is a student’s responsibility to provide adequate documentation and request adjustments/accommodations and services. The University has the right to establish professional criteria to be used in reviewing the documentation.

Reasonable Accommodation

"Reasonable accommodation" is the term used by the ADA and the Rehabilitation Act for modifications made to an environment which eliminate or decrease, to a reasonable degree, structural and/or learning barriers which a student might encounter due to his or her disability. The law does not require that students with a disability be given "special" advantage that places them in a better position to succeed than their classmates. Reasonable adjustments/accommodations are made to put students with a disability in the same starting position as their nondisabled classmates. Nevertheless, an academic unit is not required to fundamentally alter the nature of its academic program in order to accommodate students.

Keiser University is committed to providing access to all of its programs, activities and services and will either remove physical barriers or enhance access in other ways to enable qualified students to participate in such endeavors.
University Commitment and Support

Commitment

Keiser University is committed to providing equality of opportunity to students with disabilities through a supportive academic and social environment. Faculty and students work together in partnership to determine students' needs and attempt to see that those needs are met.

A student who self-identifies as a person with a disability requiring auxiliary aids/academic adjustments to any staff or faculty member at any time should be referred to the University’s Americans with Disabilities Act (ADA) Campus President /Coordinator for assistance.

Adherence to this policy will ensure these students’ obtain the appropriate information and if desired by the student, initiate the formal process for receipt of auxiliary aids and academic adjustments. The auxiliary aids and academic adjustments are provided at no cost to students with disabilities.

Support

Keiser University complies with the Rehabilitation Act of 1973 (Section 504) requiring that no qualified handicapped person will be excluded by reason of the handicap from enrolling in a course of instruction. Students wishing to avail themselves of special adjustments/accommodations under the Americans with Disabilities Act must disclose special needs at time of enrollment. Accordingly, every effort is made to make reasonable adjustments/accommodations. Certain programs may require manual dexterity. Please consult campus Admissions Offices for further information.

For physically challenged students, Keiser University campuses are either located on ground level or have appropriate elevator service with ramps and designated parking to facilitate easy entry. Restrooms are equipped with wide doorways and bars to ensure wheelchair accessibility.

The following individual is Keiser University’s Section 504 Coordinator:

William Ritchie, PhD
Vice Chancellor of Academic Affairs
Office of the Chancellor
1900 W. Commercial Blvd., Suite 180
Fort Lauderdale, FL 33309
(954) 776-4476

**Students with Disabilities:** A student who feels they have not been treated fairly under Keiser University’s stated federal policies has the right to file a written complaint. A complaint should be submitted to the President of the campus. These procedures apply only to complaints received in writing.

- A complaint is submitted in person, by U.S. mail, or by fax. Complaints may not be submitted by email. Complaints should be dated.
- Within 15 business days after acknowledging receipt of the handicapped policy complaint, the President of the campus will inform the complainant regarding the institutional response to the written complaint.
- Students have the right to file a grievance with Keiser University in the event that students believe the University has not followed its policies. The grievance procedures are described in the Keiser University catalog.

**Communication**

Keiser University expects students with learning disabilities to take an active role in communicating their needs, as they can best describe their strengths and weaknesses. **It is important that students inform the University of their situation at time of enrollment or as soon as possible to allow sufficient time to make necessary arrangements.** Please note that in order to be eligible for requesting adjustments/accommodations, the applicant must have successfully completed all parts of the enrollment process and paid the associated enrollment fees. However, if the applicant raises questions regarding the adjustment/accommodation paperwork/process prior to completing the enrollment process and payment of the enrollment fees, the applicant will be directed to speak with the Campus President.

Reviewing documentation and arranging for appropriate adjustments/accommodations takes time, and a delay in following through can result in a delay in receipt of adjustments/accommodations.

**Sources and Forms of Documentation***

Documentation is critical in determining suitable adjustments/ accommodations. It is an individual student’s responsibility to identify her- or himself as a person with a disability and to provide the University with diagnostic documentation of the disability from an appropriately licensed professional. The documentation should demonstrate how the disability limits the student’s ability to participate in an academic setting, must clearly outline the accommodation or academic adjustment requested, must be included as part of the application, and must be submitted to the Campus President for verification. This documentation is provided to the Accommodations Review Committee before an adjustment/accommodation is provided. **For the detailed outline of specific documentation required by Keiser University, please see the “CRITERIA FOR DISABILITY DOCUMENTATION” section of this manual on pages 10-12.**
Acceptable sources of documentation for substantiating a student’s disability and request for particular accommodations:

**Student’s Self-report**
The student is a vital source of information regarding how he or she may be “limited by impairment.” A student’s narrative of his or her experience of disability, barriers, and effective and ineffective accommodations is an important tool which, may be sufficient for establishing disability and a need for accommodation (page 20 of this manual).

**AND**

**Information From External or Third Parties**
Diagnostic documentation of the disability from an appropriately licensed professional. The documentation should demonstrate how the learning disability limits the student's ability to participate in an academic setting, must clearly outline the accommodation or academic adjustment requested, and must be submitted to the Campus President for verification.

*Keiser University’s process and criteria for determining accommodations may not be the same as practiced by other institutions or entities.*

**Accommodations Review Committee (ARC)**

The ARC includes the Vice Chancellor of Academic Affairs, Associate Vice Chancellor of Academic Affairs and the Associate Vice Chancellor of Teaching and Learning. Committee members are appointed by the Vice Chancellor of Academic Affairs. The ARC will have access to all of the documentation pertaining to the student's request for adjustments/accommodations. The ARC will meet within 10 days of receipt the students signed and dated forms requesting accommodation or adjustment.

Keiser University’s Accommodations Review Committee will engage in an interactive process with the student regarding what accommodations/academic adjustments are needed. The student will be contacted prior to the ARC determination to ensure that the student is involved in the process that determines what services, if any, the student is to receive.

The student will be sent the ARC’s written decision and details of accommodation or adjustment within 15 days of receipt the students signed and dated forms requesting accommodation or adjustment.

The student will receive the approved accommodation or adjustment within 45 days of the ARC’s meeting. This established procedure is to ensure proper and timely disbursement of auxiliary aids and/or academic adjustments to students with disabilities.
Confidentiality and Information Release

Keiser University is committed to ensuring that all disability information regarding a student is maintained as confidential as required or permitted by law. In most instances, the University will not inform Faculty members as to the nature of a student’s disorder unless it is necessary for providing appropriate adjustments/accommodations or in order to protect the health and safety of the student and/or others. Faculty is informed of necessary or appropriate adjustments/accommodations needed to meet a student's disability-related needs. A student may give written authorization for the release of diagnostic documentation if he or she wishes to share it with others.

In addition to the usual adjustments/accommodations provided by faculty, the University reserves the right to release supplementary information should there be a need to know. Some common need-to-know scenarios include, but are not limited to:

• a request for a course substitution
• the safety of the student and/or others
• grievance cases
• special financial aid considerations

Waiver

Students who indicate they have been diagnosed with a disability but are not requesting an adjustment/accommodation should complete a Waiver of Disability Adjustments/Accommodations form. This form should be completed within the first two weeks of enrollment or within two weeks of being diagnosed with a disability, and submitted to the Campus PRESIDENT for retention in the student’s file.
ACADEMIC ADJUSTMENT/ACCOMMODATION PROCEDURES

A student desiring an academic adjustment/accommodation must submit current documentation as required by the Criteria for Disability Documentation to the Campus President. The documentation should state, as determined by an appropriate licensed professional, what reasonable adjustments/accommodations are needed by the student. Academic adjustments/accommodations may be requested by following the review/verification process described below:

1. In addition to the required disability documentation, the following forms must be completed within the first two weeks of enrollment or within two weeks of being diagnosed with a disability:
   a. Disability Registration Agreement
   b. Confidentiality Statement
   c. Request for Adjustments/Accommodations

   All forms must be signed and submitted to the Campus President.

2. Once the appropriate forms and disability documentation have been received by the Campus President and procedurally verified, the student’s written request for adjustments/accommodations is forwarded to the Accommodations Review Committee (ARC) for approval. The Campus President will retain a copy of all relevant documentation in the student’s file.

3. Keiser University’s Accommodations Review Committee will engage in an interactive process with the student regarding what accommodations/academic adjustments are needed. The student will be contacted prior to the ARC determination to ensure that the student is involved in the process that determines what services, if any, the student is to receive.

4. The student will receive written notification of the decision reached by the ARC within 15 days of receipt the students signed and dated forms requesting accommodation or adjustment. A copy of this letter will also be sent to the Campus President and the Dean. If approved, it is required that the student meet with the Campus President and Dean to review, verify, and document ARC findings and the academic adjustments/ accommodations. The student will receive the approved accommodation or adjustment within 45 days of the ARC’s meeting. This established procedure is to ensure proper and timely disbursement of auxiliary aids and/or academic adjustments to students with disabilities.

**Resubmission Procedure:** Students who are denied adjustments/accommodations due to a lack of sufficient documentation of their disabilities may resubmit their requests when they have additional documentation.

**Grievance Procedure:** Students who have been deemed ineligible for adjustments/accommodations have the right to file a grievance with Keiser University. The grievance procedures are described in the Keiser University catalog.

5. When adjustments/accommodations have been approved by the ARC, either the
Campus President or the Dean has the responsibility to initiate a meeting with each Instructor of Record and the student to ensure adjustments/accommodations are provided. Such adjustments/accommodations will be documented on the Approved Course Adjustments/Accommodations form. However, if the student rejects the accommodations/adjustments for a specific course, he/she will have to complete a Waiver of Disability. This meeting will occur prior to the beginning of each term and a new approval form will be completed with the forthcoming Instructor of record.

6. If a student encounters difficulties with an Instructor or other University personnel regarding adjustments/accommodations, the student should bring the difficulties to the attention of the Campus President. If the Campus President is unable to resolve said difficulties, the Vice Chancellor of Academic Affairs will be brought into the discussion to assist with a resolution.

ACCOMMODATIONS REVIEW COMMITTEE EVALUATION PROCESS

1. The Accommodations Review Committee (ARC) is comprised of the Keiser University’s Vice Chancellor of Academic Affairs, Associate Vice Chancellor of Academic Affairs and the Associate Vice Chancellor Teaching and Learning.

2. The committee convenes as needed to consider student requests for adjustments/accommodations arising from disabilities documented by licensed professionals pursuant to Criteria for Disability Documentation in this manual.

3. The committee reserves the right to accept documentation which varies from this criteria but is professionally sound and of high quality, or conversely, may reject documentation viewed as inadequate to support the requested adjustment/accommodation.

4. Within 10 days of receiving the Request for Adjustments/Accommodations, the ARC will convene to review the documentation, engage in an interactive process with the student regarding what accommodations/academic adjustments are needed, reach a decision, and notify the student in writing of their status (eligible, ineligible, deferred). A copy of this letter will also be sent to the Campus President and the Dean. If approved, it is required that the student meet with the Campus President and Dean to review, verify, and document ARC findings and the academic adjustments/accommodations. The student will receive the approved accommodation or adjustment within 45 days of the ARC’s meeting. This established procedure is to ensure proper and timely disbursement of auxiliary aids and/or academic adjustments to students with disabilities.

5. If a student is ineligible or deferred, the letter will explain what is missing within 15 days of receiving the Request for Adjustments/Accommodations. If a student is determined eligible, it is the Dean’s or Campus President’s responsibility to meet with the student to discuss the approved reasonable adjustments/accommodations. Adjustments/Accommodations will not be initiated prior to this meeting.

In order for the ARC to consider a request for adjustments/accommodations, all applicants (prospective students) must have successfully completed all parts of the required documentation.

Students with obvious and severe physical disabilities will be served prior to receipt of proper documentation.

Confidentiality Statement

The Campus President is responsible for receiving and maintaining the disability-related documentation and information for students with disabilities at Keiser University. The documentation and information may include test data; psychological, psychoeducational and/or neuropsychological evaluations; grades; transcripts; biographical history; case notes; and any other disability-related information necessary to document and provide adjustments/accommodations to students with disabilities.

Students with disabilities have a right to review their file. A student who wishes to review his or her file must schedule an appointment with the Campus President. Students may request and receive copies of case notes, Course Adjustment/Accommodation Forms, and other documentation from the Campus President. However, students will not be provided copies of disability-related documentation from their files. Disability-related documentation is defined as any documentation given to the Campus President to substantiate the student's disability status and need for adjustments/accommodations (e.g., psychological, psychoeducational, neuropsychological or medical evaluations; letters or other information from physicians; or medical records). The Campus President will retain a copy of all information within a student's file.

Disability-related documentation (as defined above) is treated confidentially and will not be released to anyone not involved in the adjustment/accommodation and service-delivery process with the following exceptions: (a) the student gives the Campus President a signed release to share disability-related information with the person(s) or office(s) named on the release; (b) the Campus President will release disability-related information as required and/or permitted by the law and/or a court order; (c) the student threatens to harm himself or herself or others, or is suspected of abuse of a child or incapacitated adult; (d) the student files a disability-related complaint, appeal, grievance or lawsuit against a University office or employee(s).

The Dean of Academic Affairs' office of the University in which the student is enrolled and the Instructors of classes for which the student is requesting adjustments/accommodations will receive disability-related information necessary to provide appropriate adjustments/accommodations. If a student files a disability-related appeal or grievance, the student understands that the Campus President will release disability-related information to appropriate University offices (i.e.,
the General Counsel, the Vice Chancellor of Academic Affairs, the Student Services office, and/or appropriate University committees). Otherwise, University faculty and staff need to know only (1) that the student has been through the disability documentation review process at Keiser University; and (2) what adjustments/accommodations have been approved to meet the student’s disability-related needs.

"I have read the Confidentiality Statement. I understand and agree to the confidentiality of my disability documentation and information as discussed above. I understand I can speak further with the Campus President if I have any questions."
