## **Keiser University College of Golf Students Dominate City Championship**

Port St. Lucie, FL March 26, 2012

The Keiser University College of Golf School announces that two of its students recently captured top honors at the Fort Pierce City Golf Championship, held at the Indian Hills Golf Course in Fort Pierce, Fla. Students Adam Medcalf of Dysart, Queensland, Australia, and Travis Glass of Niagra on the Lake, Ontario, Canada, won first- and third-place, respectively, at the championship event.

In the first round, Medcalf took command, shooting a strong 67, and he never looked back. He was even par after 11 holes; and then he scorched the next six holes with seven-under par. He followed that performance with a solid even-par 72 on Sunday to win by six strokes. Glass delivered rounds of 68 and 78 to secure third-place.

"We're very proud of both Adam and Travis for their impressive achievements at the city championship," says John McMurry, vice president of Keiser University College of Golf. "The Indian Hills Golf Course has been a cornerstone of the City of Fort Pierce for 70 years, and it's very rewarding to see our students, who come from all around the world, participating in and supporting the local community."

The Keiser University College of Golf features a 20,000-square-foot facility which includes a 1,500-square-foot indoor putting green, advanced launch monitor technology, TaylorMade MAT-T swing analysis system, an interactive golf simulator provided by ForeGolf powered by SIRGUL, and a golf club repair lab equipped by Mitchell Golf Equipment. Students also receive access to the highly acclaimed PGA Center for Golf Learning and Performance where they can practice on a 35-acre lighted practice range, short game areas, bunker facility and extensive putting greens. The Golf program also gives students daily access to several PGA Master Professionals, such as Brian Hughes, Dr. Eric Wilson, and Golf Magazine "Top 100 Teacher", T.J. Tomasi.

Keiser University's Associate of Science degree in Golf Management prepares students for a variety of positions in the golf industry. In this program, students are prepared to provide golf instruction, manage golf course operations, ensure appropriate maintenance of golf facilities and equipment, as well as integrate the play of golf into the broader hospitality and recreation domain.

Students interested in attending Keiser University College of Golf can inquire at the College of Golf campus at 1860 Fountainview Blvd, Port St. Lucie, Fla.; online at <http://www.CollegeofGolf.KeiserUniversity.edu>; or call 888.355.4465.

About Keiser University:

Keiser University serves nearly 18,000 students on 15 campuses, employing over 3,000 staff and faculty.
